(e.g. a written or verbal commitment to hand hygiene promotion received by the majority of health-care workers)			→ Template Letter to Advocate Hand Hygiene to Managers → Template Letter to communicate Hand Hygiene Initiatives to Managers → Guide to Implementation II.5
5.2a Chief executive officer	No	0	
	Yes	10	
5.2b Medical director	No	0	
	Yes	5	
5.2c Director of nursing	No	0	
	Yes	5	

The 7th campaign

Measurement pre-campaign:	14/11/2016-18/12/2016
Campaign:	27/02/2017-31/03/2017
Measurement post-campaign:	15/05/2017-18/06/2017

Patient is partner in HH

- Identical to the 6 th campaign
- Measurement of the impact of the campaign on the patient via a patient survey questionnaire (JCI)

Implication of hospital management to show everyone (also the patient) that hand hygiene is a priority for patient safety: posters to be created

Development of **e-learning modules** for healthcare workers education

Patient survey questionnaire

exemple of questions

1. During your recent stay at the hospital, did a HCW or doctor explain the Hand Hygiene Program to you? Yes or No
2. In the last 24h, have you seen a doctor or HCW clean their hands? Yes or No
3. What would you normally do if you thought a doctor or HCW had not cleaned their hands before they touched you?
 - Nothing
 - Say something to the HCW directly
 - Say something to another HCW
 - Say something to my visitor/family member
 - Not sure
4. During your recent stay at the hospital, did you remind a HCW or your doctor to clean their hands? Yes or No
5. How comfortable did you feel
