

# Connecting to the Health Guest WIFI network

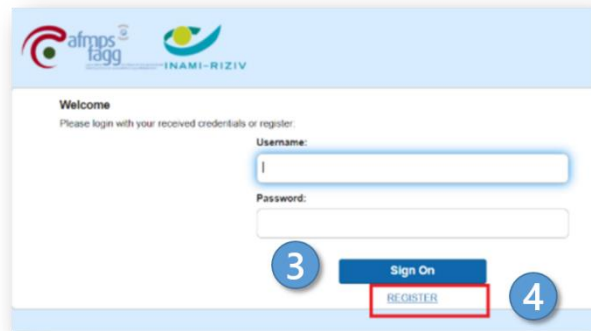

## Choosing the correct wifi network

1 Click on your wifi network icon in the bottom right corner of your screen. Select the **health-guest** wifi network.

2 Click the **Connect** button

## Logging on to the wifi network

3 If you have already received a username and password, fill it in and click "**Sign On**". Proceed to "Entering your credentials"

4 If you did not yet receive a username and password, click "**Register**" to request access to the network. Read the next step

## Requesting your access (Register)

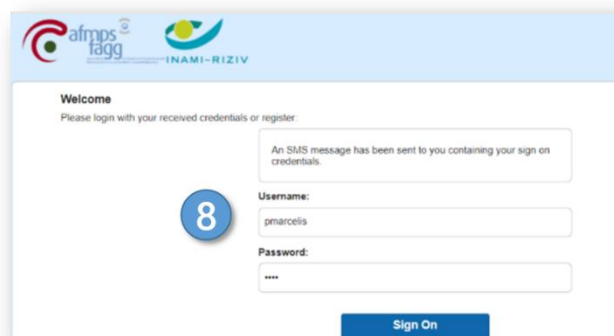

5 Choose a username, fill in your first name and your **mobile** phone number.

6 Repeat the 6 digit number that is shown to you on the screen

7 Click **Register**.  
A text (SMS) message will be sent to your mobile phone containing your login credentials.

## Entering your credentials

8 Enter the username and password you have received via SMS and click "**Sign On**". You will now be admitted to the Health-Guest WIFI network
