➤ When ?

Started in 2005

➤ Frequency ?

Every 2 years

➤ Stakeholders involved :

Partnership with the Federal Platform for Hospital Hygiene and :

➤ Financial support :

Introduction- AIM

➤ Long term objectives ?

- ✓ To prevent the transmission of healthcare-associated infections (HAIs) among healthcare workers & patients

➔ In the ECDC PPS 2017, 911 HAIs (n patients = 11 800) were registered in Belgium (47 hospitals). The crude prevalence of having at least one HAI was:

- 7,3% (total prevalence for all hospitals)
- 1,1% (psychiatry hospital)

- ✓ Change the behavior of healthcare professionals, patients and their families

Introduction - Slogan

Campaign slogans since 2005

1th campaign (2005)	Hand hygiene, just do it... and with alcohol rubs	N S I H W e b 2
